Professional Certificate - 8 course series [★ New AI skills](#)

Prepare for a career in the high-growth field of UX design, no experience required. With professional training designed by Google, get on the fast-track to a competitively paid job.

User experience (UX) designers focus on the interaction that users have with products, like websites, apps, and physical objects. They make those everyday interactions useful, enjoyable, and

You will create designs on paper and in digital design tools like Figma and Adobe XD. By the end of the certificate program, you will have a professional UX portfolio that includes three end-to-end projects, so that you're ready to apply for jobs.

Check out all Google Career Certificates [here](#) [↗](#). **Now INR 1774/month**

The certificate can be completed in less than 6 months of part time study.

Applied Learning Project

This program includes over 200 hours of instruction and hundreds of practice-based activities and assessments that simulate real-world UX design scenarios and are critical for success in the workplace. The content is highly interactive and developed by Google employees with decades of experience in UX design.

You'll learn how to complete the design process from beginning to end, including: Empathizing with users; Defining user pain points; Coming up with ideas for design solutions; Creating wireframes, mockups, and prototypes; Testing designs through usability studies; Iterating on designs based on feedback.

Through a mix of videos, readings, assessments, and hands-on activities, you'll learn in-demand design tools like Figma. You'll even create a portfolio that includes three projects to share with potential employers to showcase the skills you learned in this program.

Learn concrete skills that top employers are hiring for right now.

Frequently asked questions

^ Can I just enroll in a single course?

Yes! To get started, click the course card that interests you and enroll. You can enroll and complete the course to earn a shareable certificate, or you can audit it to view the course materials for free. When you subscribe to a course that is part of a Certificate, you're automatically subscribed to the full Certificate. Visit your learner dashboard to track your progress.

✓ Is this course really 100% online? Do I need to attend any classes in person?

^ What is a UX designer?

User experience (UX) designers focus on the experience that users have while using products like websites, apps, and physical objects. UX designers make those everyday interactions useful, enjoyable, and accessible. The role of an entry-level UX designer might include coming up with ideas to address user problems, conducting research with users, and designing wireframes, mockups, and prototypes.

If you enjoy talking to and empathizing with people, drawing, thinking creatively, or paying attention to details, a job as a UX designer might be a good fit for you!
